JOB CHARACTERISTICS

What do transportation supervisors/managers do?

- Enforce safety rules and regulations.
- Plan work assignments and equipment allocations in order to meet transportation, operations, or production goals.
- Confer with customers, supervisors, contractors, and other personnel to exchange information and to resolve problems.
- Direct workers in transportation or related services, such as pumping, moving, storing, and loading/unloading of materials or people.
- Resolve worker problems, or collaborate with employees to assist in problem resolution.
- Review orders, production schedules, blueprints, and shipping/receiving notices to determine work sequences and material shipping dates, types, volumes, and destinations.
- Monitor fieldwork to ensure that it is being performed properly and that materials are being used as they should be.
- Recommend and implement measures to improve worker motivation, equipment performance, work methods, and customer services.
- Maintain or verify records of time, materials, expenditures, and crew activities.
- Interpret transportation and tariff regulations, shipping orders, safety regulations, and company policies and procedures for workers.

In what type of conditions do transportation supervisors/managers work?

- Face-to-face discussions. Frequent face-to-face discussions with individuals or teams.
- Contact with others. Requires contact with others (face-to-face, by telephone, or otherwise).
- Telephone. Frequent telephone conversations.
- Frequency of decision-making. Required to make decisions that affect other people, the financial resources, and/or the image and reputation of the organization.
- Work with group or team. Must work with others in a group or team.

EMPLOYEE CHARACTERISTICS AND QUALIFICATIONS

How much education must a transportation supervisor/manager have?

Usually requires training in vocational schools, related on-the-job experience, or an associate’s degree. Some employers —
larger, and those that are more prestigious or handle expensive goods — may prefer to hire supervisors with some college or a college degree.

What kind of licensing must a transportation supervisor/manager have? Jobs of this type often require a licensing exam in order to perform the job.

How much work experience should a transportation supervisor/manager have? Some work-related skill, knowledge, or experience is required.

What type of job training does a transportation supervisor/manager need? One or two years of a combination of on-the-job experience and informal training with experienced workers.

What are the most important abilities a transportation supervisor/manager should have?
- **Oral comprehension.** The ability to listen to and understand information and ideas presented through spoken words.
- **Oral expression.** The ability to verbally communicate information and ideas so others will understand.
- **Problem sensitivity.** The ability to tell when something is wrong or is likely to go wrong.
- **Written comprehension.** The ability to read and understand information and ideas presented in writing.
- **Deductive reasoning.** The ability to apply general rules to specific problems to produce answers that make sense.

What are the most important skills for a transportation supervisor/manager to have?
- **Active listening.** Giving full attention to what other people say, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
- **Speaking.** Talking to others to convey information effectively.
- **Time management.** Managing one’s own time and the time of others.
- **Management of personnel resources.** Motivating, developing, and directing people as they work, identifying the best people for the job.
- **Coordination.** Adjusting actions in relation to others’ actions.
