Subject: SEVIS record update - Fall 2020 Location Confirmation Form. Deadline October 26, 2020
Date: Tuesday, October 13, 2020 9:47:13 AM

Dear International Students,

The Office of International Students is required by SEVP to enter a remark in the SEVIS record of every international student who is currently outside of the United States for the fall 2020 semester while enrolled in their program of study online. This information must be entered in your SEVIS record but you will not receive an updated I-20 or DS-2019 form.

Please find below the link to the [Fall 2020 Semester Location Confirmation Form for International Students](#). We are sending you this form to complete to assist the Office of International Students with identifying F-1 and J-1 students who are outside of the United States during the fall 2020 semester while enrolled in their program of study.

The form should be completed by all international students who are either in the United States or outside of the United States for fall 2020. Please complete this form even if you have already informed the Office of International Students by email that you will be outside of the United States.

The deadline to complete and submit this form is Monday, October 26, 2020. This information will allow the Office of International Students to update all SEVIS records according to the SEVP policy for fall 2020. . If you have any questions please email us at intstu@gc.cuny.edu
